

Julius Schmahl Withdraws Name From Convention

Issues Statement Intimating that the Convention Was in the Control of J. A. Preus

Schilling Also Withdraws—Dowling, Hadley and Others Will Abide by the Convention Decision

(By United Press)

J. M. Hackney, of St. Paul, announced his withdrawal for the race for lieutenant governor just before the convention opened today. Hackney will be a candidate for governor.

The withdrawal of Hackney leaves practically a clear field for L. Collins of Minneapolis, for lieutenant governor, unless Oscar Arneson who was a candidate and who stepped out in favor of Hackney, decides to reconsider his action and get into the race again.

St. Paul, May 8—Strongly intimating his belief that the republican state convention meeting here today was in control of State Auditor J. A. O. Preus, Secretary of State Julius Schmahl made public his withdrawal from the elimination convention as candidate for governor. W. F. Schilling of Northfield, also withdrew at 1:30 A. M. today.

Schmahl made plain he will be an independent candidate for governor if Preus wins the convention endorsement.

There had been much talk of a "dark horse" candidate. Pre-convention caucuses last night convinced Schmahl that the sentiment of a majority of the 1,101 delegates was leaning largely toward Preus. His withdrawal from the convention followed.

Fred Hadley, Winnebago publisher, apparently had strong newspaper followers in the convention. Friends of M. J. Dowling had their organization boom growing stronger here today. Dowling denied a report that he also would withdraw. "It will submit my candidacy to the convention and abide by it until it is decided," said Dowling. "I am a candidate in good faith."

Many politicians expressed a belief that Schmahl would be "left in the soup" if Preus is not nominated by the convention. Much depended, they said, on whether other candidates who have home county delegations in the convention join Schmahl in the insurrection against Preus.

Schilling, in withdrawing today, issued a statement saying that workers for Preus had injected religion as an issue against him.

"Every fair-minded American is opposed to injecting religion into politics and resent keenly such a bigoted prejudice toward any church which stands as a bulwark against encroachment of socialism," he is Catholic.

L. L. Collins of Minneapolis, apparently had a large following for lieutenant governor. Oscar Arneson and J. M. Hawkins also are candidates.

Candidates for secretary of state increased as the convention hour drew near. Sam Y. Gordon, Fred Sherman, Mike Holm, Edwin Rogers, H. Meyer, Axel Shogren and Mrs. Mand Donahue were among them.

A. J. Rockford of Zumbrota, was expected to be named temporary chairman of the convention. F. Murphy of Wheaton, was expected to be named chairman of the resolution committee.

Adopt State Platform

St. Paul, May 8—As the republican state elimination convention convened soon after noon today, efforts were being made to draft and adopt a state platform and name a harmony candidate for governor to head the ticket.

The withdrawal of Julius Schmahl and W. F. Schilling from the convention, brought about strong efforts to secure the withdrawal of J. A. O. Preus, on whose account the former two withdrew. Preus had issued no statement up to noon.

Possible harmony candidates were growing today. M. Dowling, Olivia; Fred Hadley, Winnebago; County Attorney Nichols, of Jackson county, who prosecuted Townley; Rep. Theodore Christianson, Dawson; State Senator Putnam of Blue Earth; Alvah Eastman, St. Cloud, and other prominent names mentioned were expected to receive substantial votes on the first ballot.

Wilson Elected by Socialist Vote

Said Morris Hillquith the Noted Socialist Lawyer in a Keynote Speech in the Socialist Convention

(By United Press)

New York, May 8—Woodrow Wilson was elected president over Chas. Evans Hughes by the votes of socialists, Morris Hillquith told the national convention of the socialist party of America in his keynote speech today.

"Be it remembered that in 1916 Woodrow Wilson ran as a radical. He promised socialist delegation to the old democratic party and thousands of radicals voted for him rather than throw away their votes on a hopeless candidate of the socialist party. Hillquith then launched into an attack on the administration, declaring the morbid nation's psychology which Wilson has helped to create had produced such antiautistic political types as Palmer, Burleson, Sweet and Lusk."

Knox Candidacy Complicates Situation

(By United Press)

New York, May 8—The republican presidential situation already complicated has been rendered even more difficult by the candidacy of Senator Knox.

It is generally understood that when Senator Bois Penrose endorsed his colleague for the republican nomination, it was intended largely as a "feeler" to learn the sentiment of the rank and file of the party and committee regarding a possible dark horse.

Senator Johnson has given assurance that in event of defeat in Chicago he will be no party to a bolt. The conservative leaders in view of the California senator, find considerable comfort that it would be doubly easy for Johnson to accept Knox who is his personal friend.

Government Loan to the Railroads Is Not Probable

(United Press)

Washington, May 8—There is a small likelihood that congress will authorize a treasury loan of \$500,000,000 to the railroads to buy equipment, Senator Cummings, chairman of the interstate commerce committee, indicated today.

Census Figures

Washington, May 8—The census bureau today announced the following 1920 population results:

Newark, N. J., 415,609, an increase since 1910 of 58,149, or 19.6 per cent. Benton Harbor, Michigan, 12,227, an increase of 3,042 or 33.1 per cent. Clinton, Iowa, 24,151, a decrease of 1,426, or 5.6 per cent. Muscatine, Iowa, 16,068, a decrease of 110, or 7-10 of one per cent. Mandan, N. D., 4,336, an increase of 463, or 12 per cent.

Nominations of Candidates for Governor Were Made at 2 O'clock—State Officials Endorsed

(By United Press)

St. Paul, May 8—State Auditor J. A. O. Preus was given a great ovation on the floor of the republican state convention this afternoon when he was placed in nomination for governor by S. B. Wilson of Mankato. M. Dowling of Olivia, was also given an ovation when Rev. W. Emery of Olivia, put up his name for governor. State Senator Putnam of Blue Earth, drew favor when he nominated F. E. Hadley, publisher, of Winnebago.

W. L. Kunze of Minneapolis, nominated Dr. Frank Nelson, president of the Minnesota College, Minneapolis, for governor.

J. M. Hackney, who withdrew as candidate for secretary of state in favor of Louis Collins of Minneapolis, was nominated for governor by Senator Orr of St. Paul. J. A. Larson, manager of the campaign for Julius Schmahl, withdrew his candidacy and seconded the nomination for M. J. Dowling for governor.

Nominating and seconding speeches were begun shortly before 2 P. M. after a bitter fight as to whether a platform should be adopted before nominations were received. The fight involved the tonnage tax. Delegations favoring the tonnage tax wanted to form a platform before making nominations. Those opposed to the tonnage tax fought the resolution bitterly and it was finally defeated by 599 to 502. The St. Louis county delegation voted solidly against the resolution, while the Ramsey county delegation voted solidly for it. The Hennepin county delegates split on the resolution, 100 voting against it and 20 for it.

A resolution by Rep. Elmer Adams of Fergus Falls, was adopted, endorsing the following state officials for renomination:

Henry Rines, state treasurer; C. L. Hilton, attorney general; O. P. B. Jacobson, railroad and warehouse commissioner, and H. Dibell for supreme court justice.

Gustav Lindquist, chairman of the state committee, called the convention to order at 12:40. E. H. Nichols, Jackson county, nominated Senator A. J. Rockney of Zumbrota for chairman of the convention, and Rockney was unanimously elected. B. J. Bjornson of Minnesota, was named secretary of the convention unanimously. Alvah Eastman of St. Cloud, was named to represent the sixth district. A motion to adjourn for one hour to allow the committee to discuss a platform was tabled.

The Colonel's Lady's Maid.

A young flying officer met a pretty girl—er—informally at Coney Island one afternoon. She was dressed awfully swell, and when they separated she gave him a very fashionable New York address; so the next time he was in town he wired her to meet him at the Ritz for dinner.

She turned up, looking smarter than ever and after dinner they did a tinner. A brother officer sat in a box, and the young airman waved to him, but got a rather quizzical response.

"What ails Topper?" he thought, and at the end of the act his question was answered.

"Hello, there!" Topper said, coming up to him in the lobby. "I don't mind your taking out my wife's maid, old man, but I wish to goodness you'd ask her to wear her own frocks."—London Answers.

Prisoners in Famous Tower.

Not everybody can boast of having been imprisoned in the Tower of London, but history witnesses to many people having been there and feeling a good deal less amused than did a party of sight-seers who found themselves locked in the tower. While visitors were inspecting the armories and vaults in the White tower, the garrison was suddenly aroused by the ringing of the alarm bells, which immediately resulted in the harring and bolting of gates and doors, so that no egress was possible. It is supposed that, in connection with the repairs going on, a workman unintentionally touched a wire attached to the alarm signals.

Chamber of Deputies in Mexico City Said to Have Declared for the Revolution

(By United Press)

Washington, May 8—Carranza is beaten and his overthrow by the Obregon rebels is a matter of only a short time, according to belief today by government military advisers.

This conclusion by military experts is reflected by other officials who consider Carranza's position as grave.

The Obregon move is not one to be gauged from a military standpoint, government officials said. They believe it is more a matter of a "strike" against the present government by the people of Mexico who declare they are tired of Carranza's unfulfilled promises.

El Paso, Texas, May 8—The chamber of deputies in the federal district (Mexico City) has declared for the revolution, according to a message to Juarez rebel headquarters today from the commander in Chihuahua City.

Carranza and his ministers were reported to be trying to effect an armistice with the rebels who suspect the move is intended to gain time for Carranza's escape from Mexico City.

Communication With Mexico City Cut Off

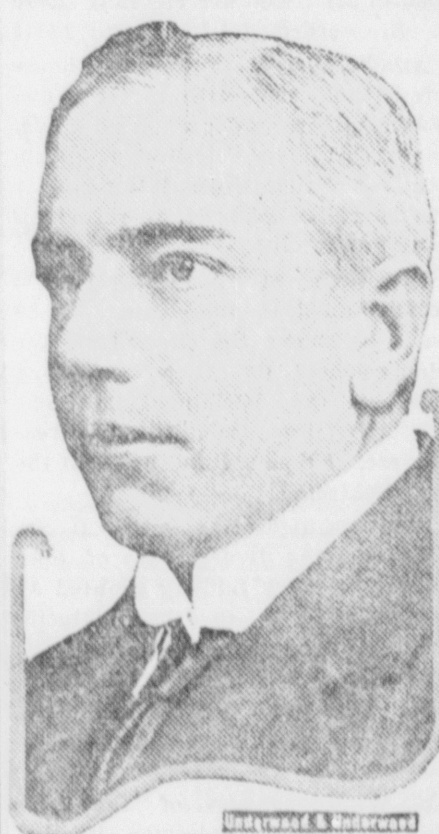

Washington, May 8—Mexico City has been cut off from communication with Washington, according to indications at the state department today. No dispatches have been received from Mexico City since Thursday night.

Mexico City Reported Taken

El Paso, Texas, May 8—An unconfirmed report reaching Juarez today from Chihuahua City said Gen. Benjamin Hill had captured Mexico City, the capital of Mexico, and that President Carranza had fled.

Accepting the report at full value the citizens and rebel garrison of Juarez launched a celebration of the fall of Mexico City, led by a military band citizens and troops paraded the streets. The report from Chihuahua

City, according to a later version given out at Juarez, said that General Hill led the Obregon forces, reporting the surrender of the Carranza troops in the national capital this morning.

Carranza's administration in Mexico is fast toppling about his head, according to reports reaching rebel headquarters here. The important cities of Saltillo and Torreon have fallen into rebel hands, the report stated.

Two Women Attempt Suicide

Leave a Note Saying It Was Impossible For Them to Live and Be Fair to the World

(By United Press)

Chicago, May 8—Mrs. Delema O'Hara, 23, and Mrs. Ruth Rollins, 19, of Detroit, Mich., and Indianapolis, Ind., respectively, are in the St. Luke hospital here suffering from the effects of self administered bichloride of mercury. Both are in a serious condition.

The two were found in a South Side rooming house. A note found by police read: "We are taking our own lives. It is impossible for us to live and be fair to the world. We are dependent. God forgive us."

Mrs. Rollins is the name she gave police, but was registered with Mrs. O'Hara at the St. Luke hospital as Mrs. Robbins. She told hospital authorities her name was Robinson. She is said to have a brother, Louis Harman, in St. Paul.

Asks Minimum Wage of \$2500 a Year

(By United Press)

Washington, May 8—A minimum wage of \$2,500 a year was proposed to the labor board by J. Launch, former secretary of the national war board appearing on behalf of the two million railroad workers demanding a wage increase of approximately \$1,000,000,000.

Establishment of a minimum wage of \$2,500 for railroad workers would stabilize wages in all industries and better conditions of all American workmen, Launch told the board.

Revision of Bonus Bill Is Attempted

Tax on Sales Will Be Eliminated to Raise Money—Expenditures Under Bill Will Be Reduced

(By United Press)

Washington, May 8—Efforts to revise the soldier bonus bill were made today with the return of Rep. Fordney of Michigan, chairman of the house ways and means committee.

Soldier bonus advocates tentatively have decided that total expenditures under the new soldier bonus program will be reduced to \$1,000,000,000 as previously planned.

The committee expects to meet today to consider revision of the measure, but probably no agreement will be reached until the latter part of the week. House leaders said it is certain that proposed taxes on retail sales will be eliminated.

Securing Divorce From Woman Not His Wife

Woman Claims to be Twin Sister of English Girl Who Married Eller During War

(By United Press)

San Francisco, May 8—Arthur J. Eller today attempted to divorce a woman who says she is not his wife. The woman claims she was a twin sister of the English girl whom Eller married during the war and who died. Nevertheless he claims he was married to this woman in 1919 before he returned on a troop ship. The wife followed on another ship and lived with the groom's parents. Early this year she told Eller he had been deluded, that the woman he married was dead. She produced a photograph of herself and her sister and defied Eller to tell which was his wife.

American Navy Largest in World

At the Signing of the Armistice, Said Admiral Benson—500,000 Officers and Men

(By United Press)

Washington, May 8—The American navy had the largest power in the world at the time of the armistice. Admiral Benson, chief of naval operations during the war, told the senate naval investigating committee today.

No navy has grown so rapidly as we have since the declaration of war, said Benson. When the armistice was signed we had 500,000 officers and men, more than the British. It is recognized we had the largest navy power in the world. Benson did not elaborate this statement.

TOWN OF PECULIAR HISTORY

Settlement in Arkansas Had Its Origin in the Failure of Italian Colony Elsewhere.

The dramatic story of Tontitown in Arkansas, all that remains of an Italian colonization plan instituted by Austin Corbin, a New York financier, about fifty years ago, is told by Bruno Roselli in the Century. In the latter half of the nineteenth century Corbin purchased large tracts of cotton lands along the lower Mississippi and made arrangements with the mayor of Rome to send a number of Italian families as settlers for the new colony, which was to be named Sunnyside.

In the new colony malaria fever, a tropical disease unknown to the Italians, broke out in their new habitation, and the settlers became panic stricken. Having no place to go, they began sending out appeals to Italian consuls in the larger American cities, but their appeals remained unheeded until they reached the ears of Father Bandini, a Tuscan priest of New York, who immediately started for Sunnyside.

Not having the means of covering transportation costs if he were to take them out of the region they were in the priest began to lead the Italians out of the malarial region on foot. They finally reached the spot where Arkansas, Kansas and Oklahoma touch borders. They purchased a good many acres of land with \$1,000 they saved, felled the trees out of which they built homes for themselves and a chapel and named the new settlement Tontitown, after the pioneer Tont, who was the first Italian known to have set foot in Arkansas.

LAND VALUES INCREASED

Growth of Industry Credited in the Surveys Made by Bureau

Akron, Ohio, May 8.—(Special)—One modern factor in the recent boom in land prices in many sections of the country is the motor truck, according to reports made to field men of the economic research division of the Ship by Truck Bureau, which maintains headquarters here and has a nationwide organization.

Land, which formerly was worth only \$150 to \$200 an acre, has suddenly doubled and trebled in value, it is said. For much of the increase the motor truck is credited, especially where farmers have found it possible, by means of it, to reach the most desirable markets, formerly regarded as inaccessible.

In the barley tobacco district of Kentucky, for instance, the bureau says, Blue Grass land which previously had not been planted to tobacco because the planter lived too far from a desirable market, has risen from \$300 an acre on the average to more than \$500 in value. Many small farms sell for \$1,000 to \$1,500 an acre, it is said.

With the advent of ship by truck methods, tobacco is daily brought in to Lexington, the world's largest loose leaf tobacco market, by motor truck. It comes from points fifty and sixty miles distant in many instances. In this manner the grower is able to realize the highest prices paid for tobacco, whereas formerly he was compelled many times to accept less for his crop than it actually was worth. Many smaller markets have been put out of business, it is true, but the farmer has profited immensely by this introduction of modern efficiency.

TEACHERS PATRIOTIC LEAGUE GATHERING

Spring Meeting Held in Brainerd at the High School Auditorium Well Attended

LED BY MRS. J. C. HAMILTON

Comments on the Program Given—Dr. Brown of St. Cloud Normal Spoke on School System

The annual spring meeting of the Teachers' Patriotic League was held at the Brainerd high school auditorium and was conducted by Mrs. J. C. Hamilton, chairman of the program committee.

Dr. Brown, of the St. Cloud normal, addressed the teachers on the merits of the normal he represented. He was followed by Mr. Erickson, the state club leader, who spoke on "Club Work."

Mrs. L. L. Foote of Manganese, gave a humorous recitation, "Jimmie Butler, the Weaver, and the Owl."

Mrs. J. C. Hamilton brought up the matter of having a county magazine for the rural teachers containing all contributions from rural teachers and any other educator who would like to contribute thereto, so that all can be well informed what fellow teachers are doing and the doings of the club or league.

Friday Afternoon

The afternoon meeting was opened by selections given by the Brainerd high school orchestra.

C. O. Bush of Pequot, explained the duties of the teachers and school board, also what is expected of these forces.

Mr. Erickson gave a lengthy address on the advantages of progressive club work.

Miss Mabel Head, instructor of the deaf school in Brainerd, gave a wonderful demonstration of the work of these children. The exercises consisted of both oral and written exercises in phonics, grammar, reading and writing.

Miss Mary Hughey favored the audience with a humorous reading, "The Runaway Boy."

Miss Georgia Drexler charmed the audience with her bird-like voice in a light spring song.

Miss Anna Severance of Crosby, spoke on "The League of Women Voters."

Friday Evening

Session opened with a grand selection by the Brainerd high school orchestra.

Dr. David Swensen of the Minnesota University force, was the speaker of the evening. His message was "Patriotism and Citizenship." This lecture was very fine and all present enjoyed the message.

The women of the "Women's Council" gave a luncheon to the rural and city teachers.

Following this was a meeting of the League. The subject of having a county paper was brought up and discussed by Mrs. L. L. Foote of Manganese, who told of its advantages. The matter was put to a vote and it was decided to have the paper, to be under the management of the publicity committee.

Electing of a secretary and treasurer to take the place of Miss Ellen Dillan, who is retiring, followed. Miss Margaret Anderson was chosen.

Mrs. Irma Camp Hartley thanked the teachers for their splendid co-operation.

W. C. Cobb spoke on the advantage of summer school spent at normals.

Mrs. R. R. Gould spoke on the work of the new Health Society.

Hugh C. Wallace, American Ambassador to France honorary president of the American Memorial day committee has issued an appeal for funds to carry out the plan of "placing a floral tribute on every American grave on this side of the Atlantic."

Operations of the committee will not be restricted to France but will be extended to Spain, Germany, England and the Orkney Islands.

The Brainerd post of the American Legion through the cooperation of the Daily Dispatch has started a flower fund, proceeds of which will be used in decorating the graves and in memorials to the fallen heroes. Any one wishing the decorating of any particular grave, by forwarding location and other available information in regard to the grave same will be sent to committee headquarters with the funds collected.

The local post of the American Legion has decided to limit contributions to \$2 for each person. Many contributions from 25 cents up have been received and the fund is growing daily. No solicitation of the public will be made except through the press. If you want to remember "the boys in khaki and the boys in blue and our 'army girls forever true'" send in your contribution to the Daily Dispatch or to Post Adjutant Robert L. Gustafson of the American Legion.

MORMON ELDERS HERE

Called at the Dispatch Office and Left Some Literature, Expect to Gain Converts

Mormon elders arrived in Brainerd Friday and expect to gain converts in Brainerd. They called at the Dispatch office and left some literature. These include tracts published by the Zion's Printing & Publishing Co. of Independence, Mo., and range from "The Plan of Salvation" to the "Second Coming of the Messiah."

The elders are comparatively young men.

"MOTHERS DAY" IN BRAINERD SUNDAY

University of Minnesota Students Send a Joint Telegram to Their Mothers in Brainerd

SERVICES IN THE CHURCHES

Mayor F. E. Little Calls Attention to the Day—Flowers to Play a Large Part

Sunday, May 9, is "Mothers' Day" in Brainerd and mother, around whom the whole home is built, without whom such institutions as the government of the U. S. would disintegrate, is to be given a mead of devotion.

Students Remember Mother
 The Brainerd Dispatch Saturday morning received this telegram for publication:

"To our mothers in acknowledgment of all that our mothers have done for us and in grateful memory of their sacrifice and love we absent sons and daughters lovingly send this expression of our sincere affection.

Their sympathetic solace challenges our undying devotion. Heaven be blessed for mothers, Brainerd Students of the University of Minnesota."

Services in Churches.

Services in Brainerd churches Sunday will largely reflect the character of the day and many a sermon will pay a tribute to mother.

It is always mother who carries a well of sympathy and to whom the children come for aid, who solves their troubles and who acts as the general arbiter in the family circle.

Mayor Mentions the Day
 Mayor F. E. Little called attention to the day and hoped it would be generally observed throughout town and countryside.

DISTRICT COURT

Case of Hill vs Village of Ironton on Trial in District Court During Friday

In district court the civil case of Hill vs the village of Ironton is on trial before Judge C. W. Stanton.

Charles J. Henry, charged with grand larceny in the second degree, changed his plea from not guilty to guilty and was sentenced to an indeterminate term in the reformatory. He is 22 years old and was also indicted on two other counts.

BRAINERD'S ODDEST STORIES

Fishing is good, even the Dispatch reporter caught some and he hasn't been fishing since winter started six months ago. He caught one ling and two pickerel and three pike. His outfit, that is, the fish pole, etc., and not the fish, cost him just \$50 and was selected with care by Jim Alderman. Art Koop, of the Brainerd State bank, landed four. When it came time to go home, Art said: "You keep all the fish". That didn't seem right and so a division was made.

"Tell you how it is," said Art. "When I go home with five fish, they won't believe I caught 'em. Everybody will roar out that I bought the lot."

The scene of the fishing was a favored spot, richly endowed with natural scenery in which water played the largest part. In fact, as Julius Schmahel one time said in a speech in Brainerd, there were "acres" of water. So crowded was the vintage point bought that had seats not been reserved on the rock in question it is doubtful if any more poles could have been brought to bear on that part of the lake sector.

As it was, the reporter's line several times was snagged up by a girl alongside of him and valuable fishing moments were lost while the hawvers were being untangled.

The lost and found department of the Brainerd Dispatch awaiting claimants now carries an automobile headlight, a top holder, headlight glass, two cranks, a cap to crank gear and other accessories found. When E. O. Webb brought in the last crank found Saturday morning, it was remarked all the paper needed to make a car was a few wheels and some nuts and E. O. was uncharitable enough to remark that a newspaper could easily supply them.

STATE STANDARD IS ENDORSED

The school board at its regular monthly meeting endorsed the state standard of wages and adopted it as the Brainerd scale, in fact going a little above the minimum in some cases.

Teachers for the coming year were elected. It is expected that a large percentage of Brainerd teachers can be again prevailed upon to accept positions in Brainerd schools.

KNIGHTS OF PYTHIAS

Comments on the District Convention Held in Staples, Brainerd Well Represented (Staples World)

The district convention of the Knights of Pythias mentioned last week was one of the biggest affairs in the state this year, so say the state officers who are in a position to know. Large delegations were present from Brainerd, Wadena and Park Rapids as well as several from Minneapolis.

F. C. McGovern, Past Grand Representative, presided over the deliberations of the convention and introduced the speakers. The address of welcome was given by Rev. W. H. Johnson, Prelate of Medinah Lodge, a response to which was delivered by Chas. A. Greenwood, Grand Master of the Exchequer, of Minneapolis, representing the Grand Chancellor.

This was followed by an address by C. D. Johnson, Past Grand Representative, of Brainerd. Then came a stirring and patriotic address by Rev. H. Wolner of Brainerd on "Americanism." Following this was an address on "Pythianism" by P. D. Winship, P. G. R., of Grand Rapids, the afternoon program closing with an address on "Fraternalism" by Rev. F. S. Attwood, Supreme Prelate of Minneapolis. Then came the fine "spread" which was served by the Pythian Sisters to about 180 hungry brothers who did ample justice to the good things to eat.

After supper, following a neat little address of welcome by Mayor C. H. Long, work in the second and third rank was conducted. The team doing the third rank work was made up of Knights from Park Rapids, Wadena, Brainerd and the local lodge and is pronounced to have been of the very highest order. It was around two in the morning when the good time came to a close and the visiting brethren began to depart for their homes. Many came by automobile and returned the same way.

Among the high up officials not mentioned above was P. W. McAllister, Grand Keeper of Records and Seals, of Minneapolis.

In Preferred Position.

And Tunkins says one reason why his life is comparatively happy one is that he can quit work and go to the movies without bothering to write a letter of resignation.

MEMORIAL DAY TO BE OBSERVED

Pap Thomas Post of the G. A. R. Met in Their Hall and Took Action in the Matter

A COMMITTEE WAS NAMED

Resolved to Invite World War Veterans, American Legion, W. R. C., GAR Circle, Schools, Etc.

Pap Thomas Post of the G. A. R. met in their hall and considered Memorial Day observance.

A general discussion followed. A committee consisting of Albert Fox, Commander, and Comrades J. B. Wisner and J. A. Wilson was appointed to begin preparations for the observance.

It was resolved to invite the World War Veterans, American Legion, the W. R. C., the G. A. R. Circle and the public schools to unite in the impressive and patriotic ceremony and each to appoint a committee to meet with the G. A. R. committee and make complete and final preparations and arrange the program for the day.

As Memorial Day is a legal holiday, Monday, May 11 will be observed as Memorial Day.

BASEBALL BUNTS

Staples and Clarissa open the season at Staples this Sunday.

I. C. Strout, business manager of the Brainerd baseball club, has written 18 letters asking for games for the Brainerd schedule. He tried to line up a game at Anoka with Anoka on May 16th. He is trying to get Crosby for a Brainerd game here on May 23rd.

Crosby and Ironton play May 29 and the May 30 game is at Crosby and the May 31 game at Ironton. It is impossible to make a Brainerd game with Ironton at Ironton on Memorial Day.

International Falls, Moorhead, Clyde Iron Works of Duluth, Little Falls, St. Cloud, are being negotiated for games.

The Elks lodge gave the Brainerd baseball club \$50. This no doubt will be the forerunner of other fraternal order contributions to the team's support.

The baseball down town, soliciting committee is at work and reports excellent success. A total of approximately \$1600 has been collected in cash and pledge cards.

The foundry solicitation is now under way under the direction of Clyde S. Parker. Mayor F. E. Little spoke to the men at the foundry at 5 minutes to 1 this afternoon and explained the plan of conducting municipal baseball this year.

ASKED IF HE WOULD BE A CANDIDATE

Rumored that Judge C. W. Stanton May File for Democratic Nomination for Governor

JUDGE MAKES NO STATEMENT

Judge Stanton, Holding District Court in Brainerd, Refused to Affirm or Deny Rumor

Judge C. W. Stanton, of Bemidji, holding district court in Brainerd, was asked for a statement regarding the rumor that he may file for the democratic nomination for governor. The judge refused positively to make any kind of statement, in fact he just smiled and refused to either affirm or deny.

There is no denying that Judge Stanton is popular with all people, in fact even with the republicans, for the Crow Wing county republican meeting of May 5 held in his court room paid him the marked honor of asking him to address their convention and his remarks on the non-partisan and socialist situation were greeted with loud applause.

Judge Stanton as newspaper man, jurist and public spirited citizen knows the needs of Minnesota.

Here is what the St. Paul Pioneer Press said of the rumor on the judge's candidacy: "The dope is that Judge C. W. Stanton of Bemidji may file for the democratic nomination for governor if enough pressure is brought to bear. So far the pressure has not been forthcoming. He would be a formidable candidate should he enter the field, already occupied by four aspirants."

Beautiful Birds.

There are about fifty different kinds of birds of paradise, which are among the most beautiful of the world's feathered creatures, and their home is in the South seas, on the continent of Australia and islands and countries nearby. These birds live in forest tree-tops and are very lively and active, jumping about and hanging from the limbs of the trees.

Want Stronger Windmills.

Windmills are not used in any great extent in Mexico, because the "northerners" blow them over. It is thought that a windmill of low construction with a wide base would overcome this and might prove very popular.

LONG CONTEST IS EXPECTED

Fact That Wood and Johnson Are
Leading Causes the Belief That Pro-
gressives Will Control the Conven-
tion in Chicago.

By JAMES P. HORNADAY.

Washington.—Interest in the national political situation naturally increases as the national nominating conventions of the two parties draw nearer. Both parties are busily engaged in choosing convention delegates. This work will practically be completed during the month of May. On the Republican side, as the work of choosing delegates has gone on it has only served to add to the uncertainty of the convention's outcome.

In the presidential preference primaries Gen. Leonard Wood of the United States at large and Senator Hiram W. Johnson of California have taken the lead. Since both of these candidates are representative of the progressive spirit in the party, their success at the primaries lends the political prophets to say that the convention will undoubtedly be controlled by progressives. Apparently General Wood will lead on the initial ballots, but his supporters realize that on these ballots he will be considerably short of enough votes to nominate. The general expectation now is that the convention will have to take a good many ballots before reaching a conclusion. The pre-convention contest is being waged with great vigor and it is generally assumed that the supporters of every candidate will be disinclined to draw away from their favorite.

List for the Republicans.

There is still some uncertainty as to just how many candidates will be presented to the Republican convention. It is settled that the following will be placed in nomination: Gen. Leonard Wood, Senator Hiram W. Johnson of California, Gov. Frank O. Lowden of Illinois, Senator Warren G. Harding of Ohio, Senator Miles Poindexter of Washington, Nicholas Murray Butler, president of Columbia university, New York; Gov. William C. Sprout of Pennsylvania, Senator Howard Sutherland of West Virginia and Gov. Calvin Coolidge of Massachusetts. In all probability Gen. John J. Pershing will also be placed in nomination, although he continues to say to his friends that he hopes this will not be done. There is also the possibility that Gov. Henry J. Allen of Kansas will be presented.

About half of these men will be introduced as favorite sons, with no expectation that they will go forward in the convention, but experience has shown that it always takes time to eliminate favorite son candidates, and so the politicians say it will probably be the third or fourth ballot before the convention really gets down to actualities. There still continues to be any amount of talk in responsible quarters as to the possibility of the Republican convention becoming deadlocked, and in case of a deadlock the delegates would most likely, it is asserted, begin to look about for a dark horse.

Doubt About the Platform.

So from any point of view, the outcome of the Republican convention is still shrouded in mystery. This is even true with respect to some sections of the platform. A large committee on platform suggestions, appointed by National Chairman Hays some time ago, has been at work, and has in mind what it believes would be a satisfactory platform, but it realizes that certain differences of opinion with respect to some matters will have to be settled before the platform can be adopted. One of these differences relates to the plank dealing with the treaty of peace with Germany, and particularly the League of Nations covenant. Those Republican senators who fought the treaty outright propose to object to a declaration favoring a League of Nations. On the other hand there is a widespread demand that the convention shall support the course of the majority of the Republicans in the senate in favoring ratification of the treaty with the League of Nations covenant included, with the so-called Lodge reservations.

Along this same line there is at this time considerable difference of opinion among Republican leaders as to what the convention shall say in a general way about the country's international relations. One element in the party would have a declaration to the effect that the United States must absolutely stay out of Europe, while other influential Republicans believe the country is under obligations to the allies with which it fought in the war to assist in doing certain things in Europe.

The Democrats appear to have a rather simple situation before them. The suggestion that went out some time ago that delegates to the convention be uninstructed is being carried out most everywhere. It is generally conceded that President Wilson can have a renomination if he asks for it, but the president's closest friends would be greatly surprised if he should seek another nomination.

If Your Motor Could Only Speak

THIS is the wail of complaint you would most often hear—"STOP GIVING ME POOR OIL."

REASONS why you SHOULD NOT use poor oils are many—high carbon—excessive use—low mileage—scored pistons and cylinders, and decreased efficiency in general.

OFTEN you wonder why your motor has no "Pick-up"—why your radiator heats so quickly—why you have to put in oil so often, and why operating expenses are high. POOR OIL is the answer.

PENNSYLVANIA CRUDE is our best crude oil. Its high heat resistance and low carbon make it the ideal lubricant for your motor.

A Real honest Pennsylvania Oil is a rare jewel. Most so-called Pennsylvania Oils are compounded with Oklahoma or Texas Crudes.

RATHER than have the resultant repairs and excessive operating expenses from poor oils, insist on getting a Pennsylvania Oil.

CAR owners should give as careful consideration to the purchase of lubricating oil as they do in purchasing the car itself.

THE most truthful expression of today is—"Your Motor is Only as Good as the Oil you put into it."

INSIST on your dealer giving you a guaranteed Pennsylvania Lubricant. Its superior heat resisting qualities make it "hold up," where Texas and Oklahoma Oils thin out. Save money on Pennsylvania Oil.

COMPARE the current market prices of crude oils; it is no harm to see which is best; Pennsylvania Crude, \$6.10 a barrel; Oklahoma Crude, \$3.25 and Texas Crude, \$2.35.

At a normal engine heat of 350 this is the rate of evaporation of the three most common crude oils:

Pennsylvania	-	-	63 seconds
Oklahoma	-	-	41 seconds
Texas	-	-	18 seconds

Pennsylvania Oil is 34 per cent more efficient than Oklahoma oil and 350 per cent more than Texas Oil.
